WE WELCOME VISITORS

SAPA is always happy to welcome visitors. We hope you will enjoy our activities and wish to join us as members.

All visitors are welcome to purchase stamps at our auctions, bourses and bag nights. Anyone wishing to sell or trade at our meetings must be a member.

AUCTION ETIQUETTE :

Be sure to get your Bidder's number card before the auction starts. Come early and look over the lots for sale before the auction. During the auction, lots will be identified by their lot number and a brief description of the lot.

When bidding for a lot, please raise your Bidder's Number card and keep it up until you no longer wish to bid. Flipping the card up and down is confusing for the auctioneers.

Please keep extraneous conversation to a minimum. This makes it easier for everyone to hear what the auctioneer is selling, and allows the auctioneer to more easily keep track of the bidding.

Please wait until the end of the auction to pay for your purchases. Your name will be called as the tallys are completed. Those who are only buying will be called first. Buyers who are also sellers will be called next. Checks are acceptable, made out to S.A.P.A.

Sellers with unsold lots should be sure to pick up their lots before leaving.

Please be sure to return the Bidder's Number cards so that we can use them again in the following auctions.

We look forward to meeting you.

PRESIDENT'S MESSAGE

It is with a sadden heart that we have to report the loss of Richard Spies, an older active member of our club. A moment of silence was held during our last meeting. Rest in peace Richard.

Speaking of meetings, our meetings are going strong. Stamps are being bought and sold. Collections are improving and there are a lot of smiley faces. There will be even more smiles on Bag Night in October. Thank you for keeping up the great work, because it is members like yourselves that keep our club going as strong as it is.

John Clay

BAG NIGHT IS COMING!

Start saving your change—it's going to be a good one!

PROGRAM NOTES

September 7, 2012 "Troglodyte Approach to Customized Album Pages" By Sam Rodgers

According to the 1978 edition of the *American Heritage Dictionary of the English Language,* p. 1374, **Troglodyte** (trŏg' lə-dīt) is a noun which is defined as "a cave dweller". So, does this mean that Sam is a cave dweller, is ancient or what???

Whatever Sam can be defined as, he has graciously offered to bring all the tools and equipment that he uses to "hand" make his album pages. This should be a very interesting night. (Do you suppose he will wear his "leopard skin"??? Ugh, we can only imagine what that would look like. But, if you know anything about Sam, you know that he is not above coming to stamp club that way for his program.)

This should be a very informative as well as entertaining night. Come ready to take notes, take pictures and generally have fun.

September 21, 2012 "Pictorial Cancelation" By Charles Shelby

Charles tells me that his program this time will include some of the previous cancelations that he has shown us before, but most of them will be new.

Charles's programs are always very interesting and very informative. I, for one, am looking forward to his presentation.

Come join us in what promises to be a fascinating evening.

Yours in philately, Pat Richmond

"Customized Album Pages"
By Dr. Eric Shepherd
July 6, 2012

Due to popular request, Dr. Eric Shepherd spoke to the club about his method of customizing album pages.

His method deals with Microsoft Word. He started with the "Box Function" and how to find it on the insert tab of Word. From the basic shapes shown, you select the rectangle shape. You highlight the shape and left click, the cursor will now form a cross on the screen. Hold down the left mouse button and draw out the box. When the box is the size you want, release the left button. When the rectangle is released, the Drawing menu is displayed. You can adjust your rectangle to the exact measurements needed.

Dr. Eric went on to explain that if you don't want to go by the measurements, there's always the "trial and error" method for getting the size of your rectangle (or square). You then cut and paste to a "template page" that you would have set up prior to making the shape.

Dr. Eric went on to discuss putting in text, pictures, borders, and page numbers. Then you save and print. The paper that Dr. Eric uses for his album pages is HP Matte finish photo paper. Not only is it sturdy, but it is also archival.

If you want more details than I have given here, you should ask Dr. Shepherd if he has any of his handouts left over. I seriously doubt it, however, because we had a "Land Office" crowd.

I truly enjoyed your talk, Eric and I plan to apply your principles to my topical subjects. Thanks for a great presentation.

Yours in Philately, Pat Richmond

Another Award!!!! July 6, 2012

On July 6, 2012, President John Clay presented Dora Roberts and Lea Senghaas, the editors of the Philatex with an award. They once more received the Vermeil award from the APS for their excellence in producing the newsletter for our club.

We are very pleased that they received this recognition. They truly deserve it. Thanks, girls.

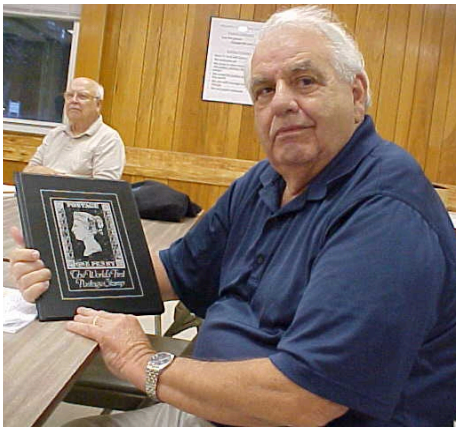
"Magic Mystery" By John Clay
July 20, 2012



John promised us a magical, mysterious evening. What he did was – he gave us a walk through the past of Philately to the present day.

John used Wikipedia as his primary source. He researched the history of philately in various countries, but concentrated on the United States, primarily. His handout with "Timeline of Postal History" was well organized. He laid out the history of philately without getting "bogged down" in superfluous details.

Some of the interesting points were:

1497 – Franz von Taxis established a postal service on behalf of Emperor Maximilian I of the Holy Roman Empire.

1516 – Henry VIII established a "Master of Posts".

1635, 13 July – Charles I made the Royal Mail Service available to the public for the first time with postage paid by the ***recipient.***

1639 – The General Court of Massachusetts designates the ***tavern*** of Richard Fair banks in Boston as the official repository of overseas mail, making it the first postal establishment in the 13 colonies.

1774 – The Continental Congress appoints Benjamin Franklin to be the first U. S. Postmaster General.

1792, 20 February – The U. S. Postal Service Act establishes the United States Post Office Department.

1847, 1 July – The United States issued its first stamps.

John went on to bring the timeline to the present. It was very interesting and informative. His program spurred some interesting discussions. Thanks, John for a "Magical" evening.

Yours in Philately, Pat Richmond

The Circus

Well, here is the little message you received in the March/April Philatex with Nelda's program.
Below it is the interpretation. Have fun!!

When you see the "Paper", you go to the "Wait Brothers Show." When you get there, you get your "Annie Oakley" and your "Bible" with your "Kush, Kale Jack" and hope you don't "Walk away". You get you some "Flookum" from the "Butcher" and head for the "Blues."

After you see the "Convicts", the "Bulls", the "Stripes", the "Rosin backs" as well as all the "Kinkers", you hope you don't get into a "Clem" and have to call the "Johnny Tin Plate".
