LEA SENGHAAS & DORA ROBERTS

FRED'S CORNER

Governor Abbott has issued his Order-18 on April 27, 2020. The Governor's order is effective from May 1 through May 15. The order is not clear on what a church can or can**not** do.

On the same date, Mayor Nirenberg and Judge Wolff issued the recommendations of the Health Transition Team on dealing with the coronavirus. The recommendations are that churches remain closed until Phase 3 (except for small gatherings (less than 50 people) allowing for physical distancing). Masks, hand hygiene, surface cleaning, etc, have to be maintained.

Judge Wolff stated on Tuesday that "the lawyers" will be reviewing the recommendations along with the Governor's order. A joint Bexar County/City of San Antonio order will then be issued. You will note that there are no dates or times given in the Transition Team report, much less by Judge Wolff.

It is apparent that this situation is still going to continue for a while. When the County/City order is given, we may then be able to determine what the church's and our next moves will be. In the meantime, SAPA members stay safe and healthy, and spend May working on your collections. Please inform your member colleagues who are NOT on email about this message.

WE WELCOME VISITORS

Please view our website **sastamps.org** for information on our meeting schedules

SAPA is always happy to welcome visitors. We hope you will enjoy our activities and wish to join us as members.

All visitors are welcome to purchase stamps at our auctions, bourses and bag nights. Anyone wishing to sell or trade at our meetings must be a member.

AUCTION ETIQUETTE :

Be sure to get your Bidder's number card before the auction starts. Come early and look over the lots for sale before the auction. During the auction, lots will be identified by their lot number and a brief description of the lot.

When bidding for a lot, please raise your Bidder's Number card and keep it up until you no longer wish to bid. Flipping the card up and down is confusing for the auctioneers.

Please keep extraneous conversation to a minimum. This makes it easier for everyone to hear what the auctioneer is selling, and allows the auctioneer to more easily keep track of the bidding.

While your purchases will be given to you during the auction, please wait until the end of the auction to pay for them. Your name will be called as the tallys are completed. Those who are only buying will be called first. Buyers who are also sellers will be called next. Checks made out to S.A.P.A. are acceptable. Sellers with unsold lots should be sure to pick up their lots before leaving.

Please be sure to return the Bidder's Number cards so that we can use them again in the following auctions.

We look forward to meeting you.

President's Message

Dear Members,
It looks like the situation in San Antonio is starting to improve in regards to the Corona Virus outbreak. While the city and state work out the details of when business will reopen, the leadership of SAPA has decided to continue our cancellation of meetings in April through the month of May. After Memorial Day we will decide if it needs to be extended further. This is to insure the maximum safety for our club members. For now, work on your collections at home and stay safe.

"Stamps of the French Colonies"

February 21, 2019

by Dr. Eric Shepherd

Dr. Eric started his talk with the second Republic (1849-1851). It was in 1849 that the first stamps were issued. They wanted to specifically ignore any political subjects, so they decided to emphasize the agricultural angle. Their series bore the effigy of Ceres, the goddess of agriculture, fertility and motherly love. She was drawn with a garland of wheat and a bunch of grapes in her hair.

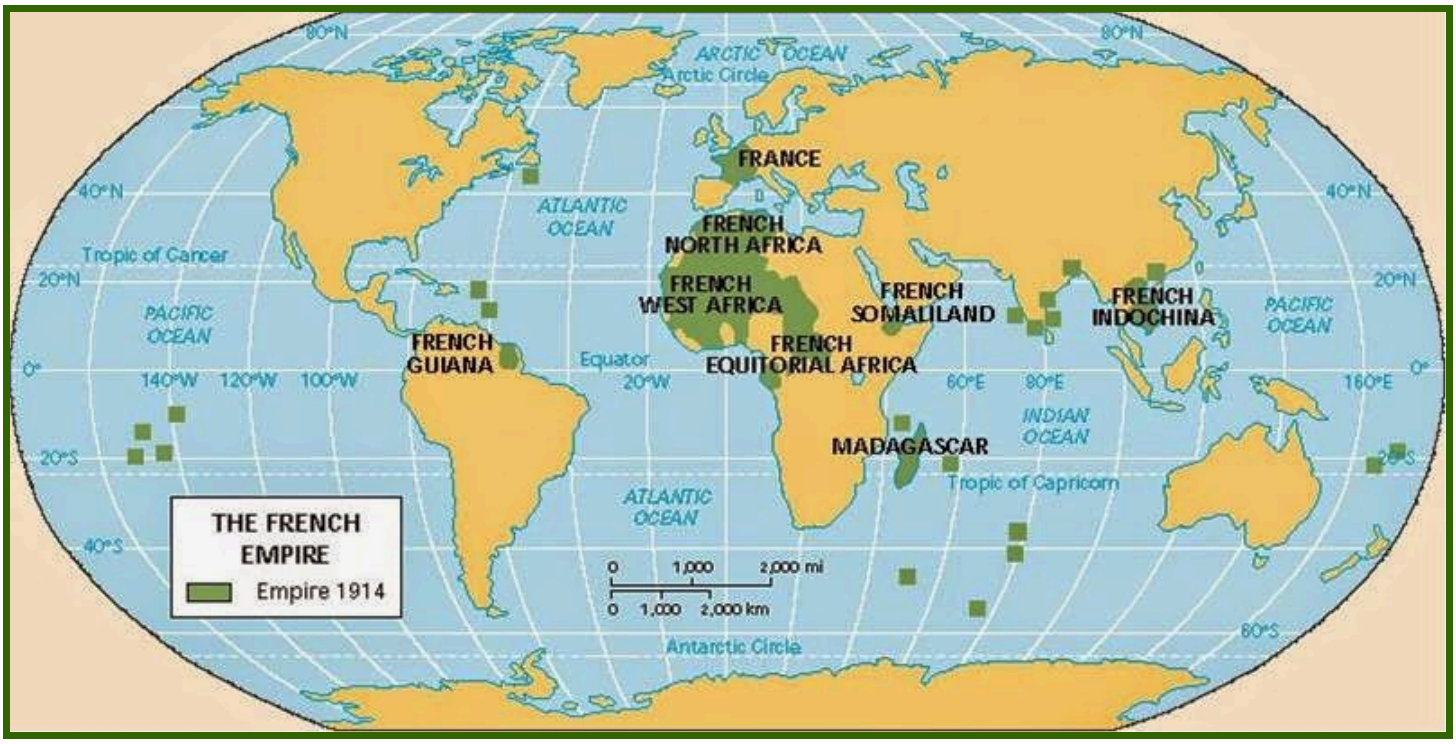
Louis Napoleon Bonaparte who was the nephew of Napoleon Bonaparte did such a bad job in his first term that he was blocked from running for a second term. H e was so angry he led a coup d'etat against the state. He officially became the Prince-President of the Republic. In 1852, he dissolved the second Republic and proclaimed the 2nd Empire. He was crowned Emperor Napoleon III on December 2, 1852. After the coup, he decided to put his effigy on the new French stamps.

During the Franco-Prussian war, Cere style stamps were printed by the Paris mint until the insurrection of the Paris Commune in the Spring of 1971.The insurgents forced the printing of new Napoleon III stamps.

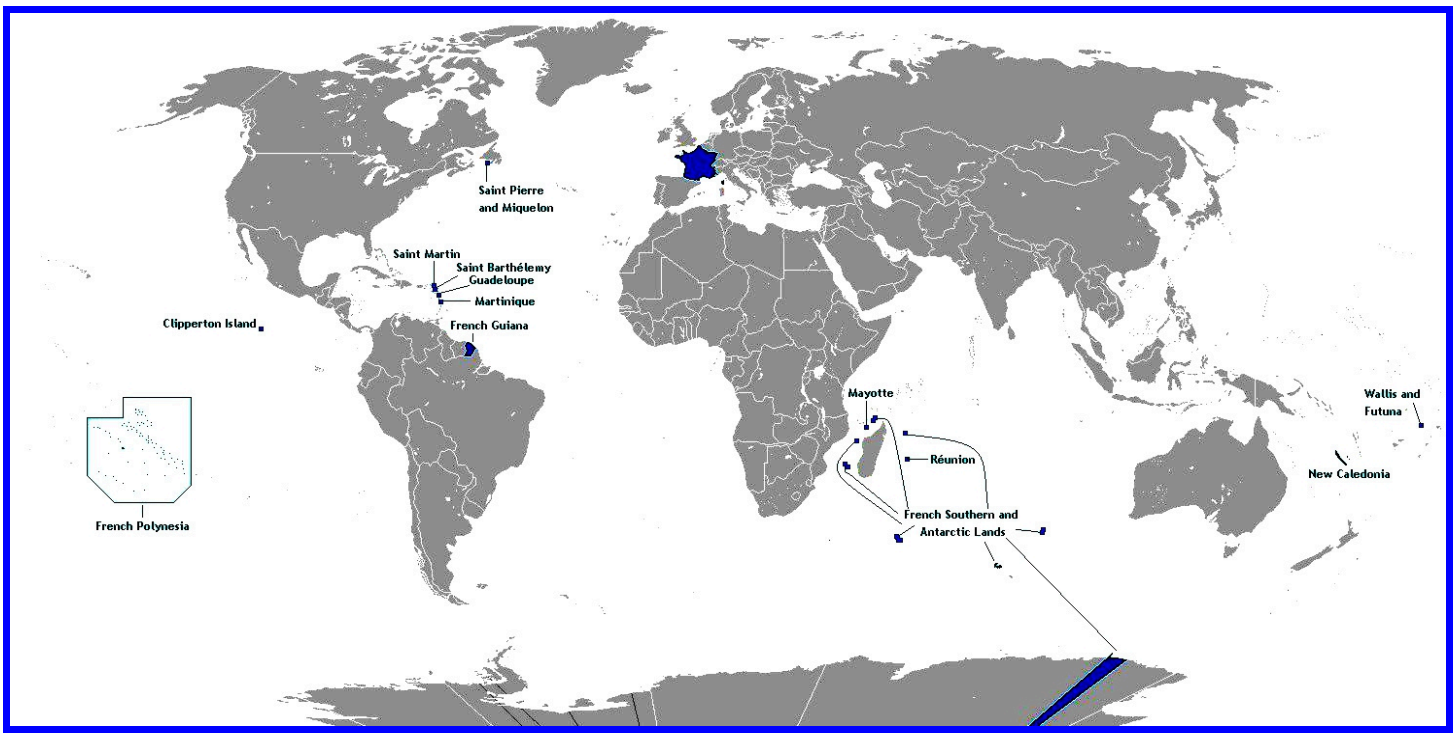
At the same time the provisional government in Bordeaux authorized the printing of Ceres style stamps to supply post offices in non-occupied France.

In 1876 a new design the Peace and Commerce were introduced. There were 44 different stamps in this series. After WWII. a new design symbolizing Youth type was used for definitive stamps.

The following map represents The French Empire in the early 1800's:



After the war many colonies wanted their independence. The following map represents the French Empire as the colonies became independent.



Dr. Eric's program was well-attended:

Your program was very interesting and informative, Dr. Eric. Where do you get such great programs? Don't forget that I have you scheduled for a program in February of 2021. I imagine it will be as interesting as all your programs. (Although Dr. Eric did not bring vanilla ice cream, I think you all will agree that his program was great!!)

Once again, Dr. Eric, thank you for a GREAT program!

Yours in Philately,

Pat Richmond
