IMPORTANT BLUE CHIP AUCTION INFORMATION!

We will have our Blue Chip Auction on December 2nd, 2022. Our auctioneer, Chip Swinney(also our President) needs to receive all lots for the auction by the November 18th meeting. The list of lots will be published on the website when it is completed, after Nov 18th. The lots will be on display at the 18th of November meeting. If you miss the deadline, you can still place your lots in the auction on the 2nd. They just will not be on the list. Lots placed in auction late may or may not be Blue Chip condition. Each lot for this auction must have a minimum catalog value of $20.00. Please make sure all lots are in Blue Chip condition. As always, mail-in bids and other in-advance bids will be accepted. Contact Chip at 210-542-5448, or email him at wswinneyjr@satx.rr.com >.

WE WELCOME VISITORS

Please view our website **sastamps.org** for information on our meeting schedules

SAPA is always happy to welcome visitors. We hope you will enjoy our activities and wish to join us as members.

All visitors are welcome to purchase stamps at our auctions, bourses and bag nights. Anyone wishing to sell or trade at our meetings must be a member.

AUCTION ETIQUETTE :

Be sure to get your Bidder's number card before the auction starts. Come early and look over the lots for sale before the auction. During the auction, lots will be identified by their lot number and a brief description of the lot.

When bidding for a lot, please raise your Bidder's Number card and keep it up until you no longer wish to bid. Flipping the card up and down is confusing for the auctioneers.

Please keep extraneous conversation to a minimum. This makes it easier for everyone to hear what the auctioneer is selling, and allows the auctioneer to more easily keep track of the bidding.

While your purchases will be given to you during the auction, please wait until the end of the auction to pay for them. Your name will be called as the tallys are completed. Those who are only buying will be called first. Buyers who are also sellers will be called next. Checks made out to S.A.P.A. are acceptable. Sellers with unsold lots should be sure to pick up their lots before leaving.

Please be sure to return the Bidder's Number cards so that we can use them again in the following auctions.

We look forward to meeting you.

PRESIDENT'S MESSAGE

Thanks and praise for the changing of the seasons! What a delightful time of the year. In weather like this I have a difficult time being inside messing with stamps. Yeah, I know, do it in the evening. It's all the way dark at six o'clock now.

I have to apologize for being absent from two meetings at such a critical time of the year. The Blue Chip Auction is coming up and as I am writing (Monday, November 7, Pearl Harbor Day) I have no lots. I am not sure we will get a list together for the Philatex. We will have the auction. Election of officers is coming up also. The most important issue with that is a new treasurer. This is the most important position in any organization and probably the most demanding of work and attention. None of us in the club now have any idea what it involves, as Fred has been doing it for so long. Nancy Mabie has been getting experience with the auction part of it. Steve Mabie has expressed a willingness to take on the task. Steve is also basically the nominating committee. Anyone wanting a part in the running of the club by running for office should let us know soon. Sorry my message can't be all cheer; we do have these issues.

A very special thanks to Fred Groth for being treasurer for twenty-seven years.

We continue to gain new members. Our website seems to be working. I ask every newcomer how they found us and they say the website. The Blue Chip Auction will happen. Thanksgiving will come and then the Christmas dinner. We will muddle through our issues. All will be well.

Yours in Philately, *Chip Swinney*

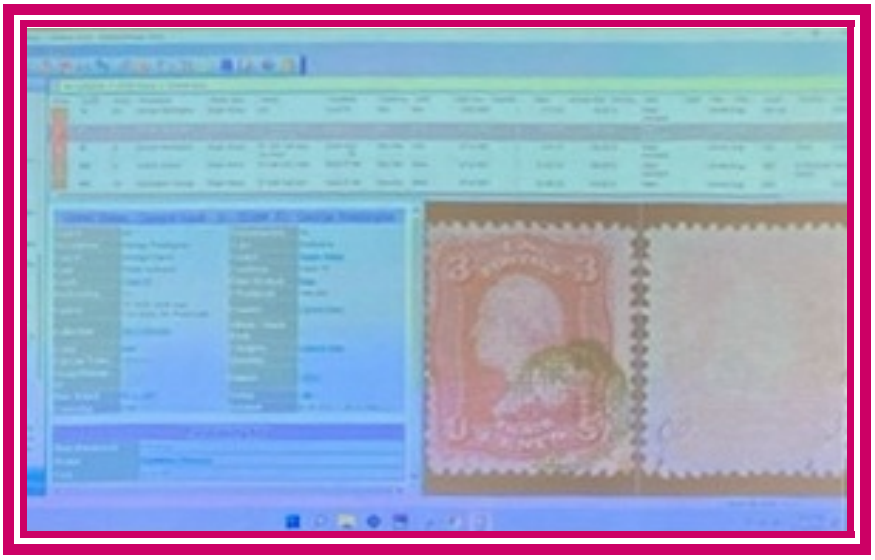
Digital Stamp Management
Rick Cross

On 23 September 2022, Rick Cross presented his program on "Stamp Management," an introduction to the StampManage stamp database. This database is from Liberty Street software website, which has a few tutorials available.

Rick gave a demonstration of how he uses the software, including how to customize the available views, how to select countries for display, and, most importantly, how to add a stamp to the database for cases when the stamp is already in the StampManage database, (and also when it is not). Rick also demonstrated how he uses his scanner to import the images of his stamps, versus the stock images.



In today's computerized world, this was a most interesting presentation of a method for recording all the stamps in one's collection and NOT using reams of paper. However, Rick pointed out that it takes some time to become proficient in the use of this database.

The end result, as shown by Rick, is a detailed database (including images) of one's collection.

Thanks Rick! *Fred Groth, Treasurer*
